

“The word is out. More people are
choosing Bronson Vicksburg
for emergency care.”

Gerald Friedman, MD

I've always known about the quality and convenience of emergency services at Bronson Vicksburg Hospital. Now, it's clear others know, too, as more people are choosing us in an emergency.

At Bronson Vicksburg, we have decades of experience in emergency care and are prepared to diagnose and treat your injury or illness quickly, effectively and safely.

As a member of the Bronson system, we're linked to the Level I Trauma Center at Bronson Methodist Hospital in Kalamazoo.

That means, in an emergency, you can be confident in choosing Bronson Vicksburg.
