

# Sexual Assault Services of Calhoun County

There is help after sexual assault. We offer free services to sexual assault victims, their loved ones and the community.

- **24-hour crisis line** – speak with one of our trained crisis workers 24-hours a day/7 days a week.
- **Sexual assault nurse examiners** – our nurses provide expert medical exams in a comfortable setting.
- **Counseling services** – sexual assault survivors can speak with our clinically trained counselors in an individual, group or family setting.
- **Child Advocacy Center** – we offer specialized support to child victims and their families. We also provide a multi-disciplinary response to child sexual abuse.
- **Educational presentations** – our specially trained staff offer presentations about our services and the dynamics of sexual assault. Sexual assault prevention programs are available for all age groups.
- **Highly trained staff** – all of our staff receive in-depth training and provide the highest quality services.
- **Volunteer program** – our volunteer advocates provide 24-hour crisis support and advocacy.
