PET/CT Scans Update

Bronson Imaging is committed to ensuring our community has access to key testing modalities. As part of this commitment, Bronson Imaging recently expanded the availability of our outpatient Positron Emission Tomography - Computed Tomography (PET/CT) services to meet our system demands, ensuring patients receive timely access to the care they need.

Bronson PET/CT is now available four days-a-week at the following locations:

- Sunday:
Bronson Methodist Hospital
- Monday & Tuesday:
Bronson Advanced Radiology Services
- Wednesday:
Bronson Battle Creek

Please note:

- PET/CT services are intended to be outpatient tests.
- PET/CT is not reimbursed as part of an inpatient admission, and is not offered by other area hospitals as an inpatient service.
- **Effective July 20, 2021, Bronson will no longer offer inpatient PET/CT service**

Questions or Comments

If you have questions or comments, please contact Kim Hubbard, System Director of Imaging Services, at (269) 341-8537 or hubbardk@bronsonhg.org.
