Your health and safety is our #1 priority. To reduce the spread of germs, we have many new precautions in place, like improved cleaning processes, socially distanced workout spaces and more. Learn more at [bronsonathleticclub.com](http://bronsonathleticclub.com). Also during our closure, we made some improvements around the club, like:

- **A new, larger group exercise studio:** Providing for lots of natural light and more space for social distancing
- **A new TRX workout space:** This new studio offers the space and equipment to build strength, balance, flexibility and core stability through suspension training
- **New Mondo athletic flooring:** On the second floor cardio and strength training space
- **New showers in the men's locker room**
